and Bootstrap**
PHP and MySql

PROFILE

Kevin Kipngeno is a passionate and enthusiastic designer. In love with User Interface and more with the User Experience. He is a web developer with great skills ready to be put to the test and sharpened. Hard work is his joy and dedication his prize. The is more behind those two eyes and his creative mind.

EDUCATIONAL BACKGROUND

2017 - Present: Jomo Kenyatta University of Agriculture and Technology, Bachelor of Computer Technology, undergraduate.

2013 - 2016: Starehe Boys Center and School, KCSE Mean grade B+.

CAREER OBJECTIVES

To work diligently with a well-established and successful organization, that will offer me outstanding opportunities to build a long term career in a challenging environment.

To venture into the field and be of high integrity, trustworthy, reliable, skilled, self-driven and motivated to work in a diversified field of technological units.

EXPERIENCE

Currently a freelance developer
I have developed two applications currently at the Google Play Store: Bible Verse Wallpapers and YouWallpaper.
I have designed and created and designed websites stored in my GitHub account.
